# Welcome Hugo Bernier

## Pr. Program Manager (Community Program Manager), Power Pages

Hugo Bernier fell in love with programming when he was 12 year old; when he was 16, he started his own software consulting company, and has lived out this quote by Mark Twain ever since: “Find a job you enjoy doing, and you will never have to work a day in your life“

As a consultant specializing in practice building at McKinsey & Company, he learned to combine his passion for programming with his love of problem solving, public speaking, and community-building; this passion took him to Singapore, Germany, Finland, Australia, Hungary, South Africa, Japan, Indonesia, France, the UK, and Malaysia.

He has worked with SharePoint since it was codenamed “Tahoe” and became an MVP and a member of the Microsoft 365 Patterns and Practices team, where he worked on community initiative such as the Sharing is Caring program, the sample galleries, the community blog, and the recognition program.
