How to find a meeting time with lots of people

- 🤯 Send endless emails
- 🙄 Use FindTime and have to wait until they reply
- 🤔 Context-switch from Teams to Outlook and use the super intuitive *schedule a meeting* feature
- 😎 Have an app for Teams that lets Microsoft Graph do the heavy lifting for you

# The idea – inspo by Waldek Mastykarz

Create UI in Power Apps

How hard can it be?

Famous last words

UI requirements

- Not just pretty, but like Microsoft Graph Toolkit 🦙

- Blend into the look & feel of Microsoft Teams

- Be themes-aware

Demo

Resources

- Samples for
    - Fluent UI Northstar theme
    - MGT people-picker lookalike component:
