Adaptive Cards for Power Apps

Update on 3P Widgets

3P Widgets

- Support for C# apps coming soon

- Developers can test this with the GA release of the WindowsAppSDK 1.2

- 3P widgets are only available in dev builds of the Windows Insider Preview (WIP)

- More information on aka.ms/WidgetDevDocs

Future Adaptive Cards Community Calls

Adaptive Cards Community Calls

- There will **<u>not</u>** be a community call for the month of December
- Starting in January, we will transition into the M365 partner calls
- This will allow us to benefit from a larger audience and will reduce overlap
- These calls are hosted weekly, but Adaptive Cards topics will not be presented weekly

How can we reach you?

- The Adaptive Cards GitHub repo is always a good place to start
- @jpthepm on Twitter
- M365 partner calls

Q&A

Thank you

Recording will be available on

Microsoft 365 Community (PnP) YouTube channel
